If the MFHA recommend, or HMG recommend, or laws/regulations are passed, or the Masters decide in their absolute discretion, that hunting is curtailed or abandoned, meaning we cannot run a normal season because of the virus, we hope to be able to refund a broadly *pro rata* proportion (set by the committee at their absolute discretion, we will however always retain a minimum of 25% to cover some costs). It won't become clear what refund may be possible until the end of the season.

Please could you tick this box if you will not request a refund in any circumstances
